Title: Katie Woo Has the Flu

By: Fran Manuskin

I learned three important things when I read Katie Woo Has the Flu. I learned that if you get sick and have a fever, you have to stay home from school(pg. 8). I learned that the flu is tricky and makes you feel hot and cold at the same time(pg. 10). I also learned that when you are home sick it can be nice to have friends call you, like when Pedro and Jojo called Katie to see if she was okay(pg. 16-18). Those are the three important things that I learned.

Title: Katie Woo Has the Flu

My favorite character in Katie Woo Has the Flu is Katie Woo. I like Katie Woo because she likes going to school. Katie Woo felt happy when she was able to go back to school (pg. 25). She missed school so much she even had a dream about going back! (pg. 23) Whenever I get sick and stay home, I can't wait to go back to school. This is why Katie Woo is my favorite character.
